WEBINAR SERIES

SESSION DESCRIPTIONS

WED, MARCH 30, 2022

1:00 PM – 2:00 PM (EST)

Emergency Preparedness in the COVID-19 Era and Beyond

PRESENTERS:

Dani Lloyd, MPH, Consultant
Christine Rodriguez, Senior Program Manager, AIDS United
Justin Kunzelman, Executive Director, Rebel Recovery Florida

The ongoing pandemic has made clear the need for emergency preparedness plans. This session will discuss the critical nature of harm reduction work in an unpredictable and ever-changing environment. Panelists will highlight the importance of emergency preparedness in the harm reduction space and provide guidance and resources for developing an emergency preparedness plan of your own. WED, MAY 4, 2022

1:00 PM – 2:00 PM (EST)

Overcoming Implicit Bias When Working with Transgender and Gender Nonconforming Communities

PRESENTERS:

Cecilia Gentili and Mateo Belen, Transgender Equity Consulting

This webinar will center transgender and gender-nonconforming people in a discussion of stigma and implicit bias and how it can influence HIV care outcomes. Panelists will discuss how stigma and implicit bias can cause and perpetuate harm and identify strategies to mitigate these factors. Click [here](#) to register.

WED, JUNE 29, 2022

1:00 PM – 2:00 PM (EST)

Implementation of a Digital HIV Care Navigation Intervention (Telehealth)

PRESENTERS:

Sean Arayasirikul, PhD, Consultant

The COVID-19 pandemic created an unprecedented need and opportunities for telehealth interventions and remote healthcare services. This presentation will provide an overview of Health eNav, a text message-based care navigation intervention for young people living with HIV. The panelist will also discuss strategies and lessons learned from implementing a digital HIV care navigation intervention. Click [here](#) to register.

WED, APRIL 20, 2022

1:00 PM – 2:00 PM (EST)

Peer-led Best Practices to Improve Health Outcomes Among People with HIV Who Have Been Incarcerated

PRESENTERS:

Anthony J. Santella, DrPH, MCHES, University of New Haven
Alison O. Jordan, LCSW, ACOJA Consulting
Arianne Watson, MA, Alliance for Positive Change

The session will highlight the importance of using peers to improve health outcomes among people with HIV who have been incarcerated. Panelists will describe best practices in providing peer-led transitional care coordination and discuss the role of community-based organizations in building peer capacity in HIV programs. Click [here](#) to register.

WED, JUNE 15, 2022

1:00 PM – 2:00 PM (EST)

Unpacking the Intersections Between HIV and Opioid Use in Rural communities

PRESENTERS:

Shirley Torho, MPH, Consultant

This webinar will identify intersections between the HIV epidemic and opioid crises in rural communities across the United States. Panelists will examine promising practices and how they can be leveraged to address HIV- and opioid-related health disparities in a rural context. The webinar will also provide guidance around organizational readiness and capacity building to provide services at the cross-sections of HIV, opioid use, and other comorbidities.
