

Getting to Know NASTAD

> Who We Are

NASTAD is a leading non-partisan non-profit association that represents public health officials who administer HIV and hepatitis programs in the U.S. We work to advance the health and dignity of people living with and impacted by HIV/AIDS, viral hepatitis, and intersecting epidemics by strengthening governmental public health through advocacy, capacity building, and social justice.

> Our Mission

NASTAD's mission is to advance the health and dignity of people living with and impacted by HIV/AIDS, viral hepatitis, and intersecting epidemics by strengthening governmental public health and leveraging community partnerships.

NASTAD's vision is a world committed to ending HIV/AIDS, viral hepatitis, and intersecting epidemics.

> Our Vision

A world committed to ending HIV/AIDS, viral hepatitis, and intersecting epidemics. We represent public health officials who administer HIV and hepatitis programs in the U.S.

> Values

We believe every person has equal value and dignity.

We believe access to quality health care is a basic human right.

We have an obligation to dismantle systems that perpetuate social and racial injustice.

> Members & Resources

NASTAD members are state and local health department staff who have programmatic responsibility for administering HIV and hepatitis healthcare, prevention, education, and supportive service programs funded by state and federal governments. Each state, territory, and local jurisdiction identifies its NASTAD member. NASTAD members offer considerable expertise in identifying community needs and responding to the challenges of the HIV and hepatitis epidemics nationwide and throughout the world. If you have a question about NASTAD membership, please contact Christopher Berry.

> Programmatic Teams

DRUG USER HEALTH

NASTAD's Drug User Health team produces resources, provides TA to our members and community-based harm reduction programs, and advocates for an effective science-based public health approach to address the needs of people who inject drugs.

HEALTH CARE ACCESS

NASTAD's Health Care Access team supports state and territorial health department HIV programs implement comprehensive and equity-centered state-of-the-art medical care, treatment, and support services to all people living with HIV/AIDS.

HEALTH EQUITY

The vision of the Health Equity team is to dismantle systemic barriers and shift power dynamics by emphasizing the historical context through which our system operates and centering communities in order to produce measurable changes and support everyone in leading healthier lives.

HEALTH SYSTEMS INTEGRATION

NASTAD's Health Systems Integration team aims to bridge public health and health care systems to ensure that all systems and payers are effective partners in ending the HIV and hepatitis epidemics.

HEPATITIS

NASTAD's Hepatitis team provides guidance and technical assistance to strengthen the capacity of state and local health departments to develop, maintain and enhance comprehensive hepatitis programs as they address the continuum from prevention through cure.

HIV PREVENTION

NASTAD's diverse HIV prevention team collaborates across all of NASTAD's programs to comprehensively address the goal of ending the intersecting epidemics of HIV and related conditions.

POLICY & LEGISLATIVE AFFAIRS

NASTAD's Policy and Legislative Affairs program leads the implementation of NASTAD's legislative and policy priorities on federal appropriations and legislation related to HIV and hepatitis prevention, care, and treatment issues.
