

## Condom Distribution as a Structural Intervention

September 20-21, 2023

Virtual Workshop (Southern Region)

### AGENDA

#### Meeting Goals

By the end of the workshop, participants will:

1. Understand the importance of condoms and condom distribution programs in the response to HIV, ending the HIV epidemic, and reducing the transmission of STDs.
2. Identify core concepts of availability, accessibility, and acceptability for condom distribution interventions.
3. Recognize key principles of health equity and how to prioritize key communities for condom distribution.
4. Develop action plans to implement condom distribution programs given key individual, community, and structural needs.

#### Pre-Workshop Materials/Self-Paced Learning

---

##### *Condom Distribution as a Structural Intervention Worksheets*

Over the next two days we will be referencing the following worksheets, please review these materials before the workshop. In addition, please bring, if possible, your organization's current condom distribution policies or plans.

---

#### Wednesday, September 20, 2023

---
