

SEPTEMBER 20 - 21, 2023

VIRTUAL CONDOM DISTRIBUTION

AS A STRUCTURAL INTERVENTION

Condom distribution programs remain a crucial component of the HIV response. Effective programs can increase condom use, while preventing transmission of HIV and other STIs. Given the focus of Ending the HIV Epidemic by 2030, Health Departments (HD) and Community Based Organizations (CBO) are in a unique position to promote innovative strategies and address persisting gaps in condom distribution programs. Join NASTAD to understand the importance of effective planning for condom distribution interventions; Identify core concepts of availability, accessibility, and acceptability for condom distribution; Recognize fundamental principles of health equity in any effective intervention; and Develop action plans to implement a condom distribution programs given key individual, community, and structural needs.

This workshop is designed for HD HIV prevention program staff and CBO staff. Registration is first come first serve as space for this workshop is limited. To ensure all participants have an opportunity to actively engage, please select up to three staff members from your organization to attend. Moreover, the workshop is open **ONLY** to participants from CDC directly-funded HDs and CBOs in the Southern CBA region of the U.S. (including AL, AR, Baltimore, DC, DE, FL, GA, Houston, KY, LA, MD, MS, NC, OK, SC, TN, TX, VA, and WV).
