Note: 47 ADAPs reported data. Alabama, Alaska, American Samoa, Federated States of Micronesia, Guam, Marshall Islands, Montana, Northern Mariana Islands, Republic of Palau, South Dakota, Virgin Islands (U.S.), and West Virginia did not respond. Beginning with CY2023, the NASTAD survey allows ADAPs to duplicate clients served across multiple insurance types (e.g., a client who may have no insurance for part of the calendar year and enrolled in Medicare for part of the year).
