

Reporting Requirements for Negative HIV Test Results: Healthcare Providers

State	Authority	<i>Does the state require healthcare providers to report negative HIV screening test results?</i>	<i>Other reporting requirements for healthcare providers to report diagnostic HIV test results.</i>
Alabama	Ala. Admin. Code 420-4-1-.04; Ala. Admin. Code 420-4-1 App.I, II	No. Healthcare providers are only required to report positive HIV test results.	N/A
Alaska	Alaska Admin. Code tit. 7, § 27.005, 007	No. Healthcare providers are only required to report positive HIV test results.	N/A
Arizona	Ariz. Admin. Code R9-6-202, Tbl. 2.1; Ariz. Admin. Code R9-6-204, Tbl. 2.3	No. Healthcare providers are only required to report positive HIV test results.	N/A
Arkansas	Code Ark. R. 007.35.7-III, V ¹	No. Healthcare providers are only required to report positive HIV test results.	In addition to reporting all positive HIV test results, healthcare providers must also submit all quantitative and genotype testing results, even if no virus is detected.
California	Cal. Code Regs. tit. 17, § 2500; Cal. Health & Safety Code § 121023	No. Healthcare providers are only required to report positive HIV test results.	N/A

¹ Statute is currently flagged by Westlaw regarding validity, but NASTAD's legal interpretation is that this is simply due to a citation miscommunication by the Arkansas legislature.

State	Authority	<i>Does the state require healthcare providers to report negative HIV screening test results?</i>	<i>Other reporting requirements for healthcare providers to report diagnostic HIV test results.</i>
Colorado	5 Colo. Code Regs. § 1009-1 Appendix A	No. Healthcare providers are only required to report positive HIV test results.	It depends. In addition to positive HIV test results, healthcare providers must also report all HIV genotype test results, all CD4 lymphocyte results, and all HIV viral load test results.
Connecticut	Conn. Agencies Regs. 19a-36-A2, A3; List of Healthcare Provider Reportable Diseases	No. Healthcare providers are only required to report positive HIV test results.	N/A
D.C.	D.C. Mun. Regs. tit. 22-B, § 201, 206, 211	No. Healthcare providers are only required to report positive HIV test results.	N/A
Delaware	Code Del. Regs. 4202-4.0, 7.0; Code Del. Regs. 4202 Appendix I	No. Healthcare providers are only required to report positive HIV test results.	It depends. In addition to reporting all positive HIV test results, healthcare providers must report all HIV viral load and CD4 testing results, even if no virus is detected.
Florida	Fla. Admin. Code Ann. r. 64D-3.029	No. Healthcare providers are only required to report positive HIV test results.	In addition to reporting all positive HIV test results, healthcare providers must report all HIV viral load test results (both detectable and undetectable).
Georgia	Ga. Code Ann. § 31-12-2; Ga. Comp. R. & Regs. 511-2-1-.02; List of	No. Healthcare providers are only required to report positive HIV test results.	N/A

State	Authority	Does the state require healthcare providers to report negative HIV screening test results?	Other reporting requirements for healthcare providers to report diagnostic HIV test results.
	Reportable Diseases		
Hawaii	Haw. Code R. 11-156 Exhibit A, B	No. Healthcare providers are only required to report positive HIV test results.	N/A
Idaho	Idaho Admin. Code r. 16.02.10.050	No. Healthcare providers are only required to report positive HIV test results.	N/A
Illinois	Ill. Admin. Code tit. 77, § 690.452; Ill. Admin. Code tit. 77, § 693.20, .30	No. Healthcare providers are only required to report positive HIV test results.	In addition to reporting all positive HIV test results, healthcare providers must report all CD4 lymphocyte results and all HIV viral load test results (both detectable and undetectable).
Indiana	Ind. Code Ann. § 16-41-2-3; 410 Ind. Admin. Code 1-2.5-75, 76	No. Healthcare providers are only required to report positive HIV test results.	N/A
Iowa	Iowa Code Ann. § 141A.6; Iowa Code Ann. § 139A.2, .3	No. Healthcare providers are only required to report positive HIV test results.	N/A
Kansas	Kan. Stat. Ann. § 65-6002; Kan. Admin. Regs. 28-1-2	No. Healthcare providers are only required to report positive HIV test results.	In addition to reporting all positive HIV test results, healthcare providers must report all HIV viral load test results (both detectable and undetectable).
Kentucky	902 Ky. Admin. Regs. 2:020	No. However, healthcare providers must submit negative or indeterminate HIV test results if part of a diagnostic testing algorithm	Healthcare providers must also submit all HIV antibody test results, all HIV antigen test results, all HIV RNA or DNA test results, all CD4 lymphocyte

		diagnostic testing algorithm whose overall interpretation is positive.	
Montana	Mont. Admin. R. 37.114.201, .203, .204	No. Healthcare providers are only required to report positive HIV test results.	N/A
Nebraska	173 Neb. Admin. Code Ch. 1, 1-003, 1-004	No. Healthcare providers are only required to report positive HIV test results.	N/A
Nevada	Nev. Admin. Code 441A.040, .230, .235	No. Healthcare providers are only required to report positive HIV test results.	N/A
New Hampshire	N.H. Code Admin. R. He-P 301.02	No. Healthcare providers are only required to report positive HIV test results.	N/A
New Jersey	N.J. Admin. Code § 8:57-1.5, 1.7; N.J. Admin. Code § 8:65-2.1, 2.5	Yes. Healthcare providers are required to report all test results, whether positive or negative, for HIV.	Healthcare providers are required to report all test results, whether positive or negative, for HIV.
New Mexico	N.M. Admin. Code 7.4.3.13	No. Healthcare providers are only required to report positive HIV test results.	In addition to reporting all positive HIV tests, healthcare providers must also report all HIV nucleic acid tests (RNA or DNA), all HIV genotype tests, and all CD4 lymphocyte tests irrespective of results.
New York	N.Y. Comp. Codes R. & Regs. tit. 10, § 63.4; N.Y. Comp. Codes R. & Regs. tit. 10, § 2.1, 2.10, 2.12	No. Healthcare providers are only required to report positive HIV test results.	N/A

State	Authority	<i>Does the state require healthcare providers to report negative HIV screening test results?</i>	<i>Other reporting requirements for healthcare providers to report diagnostic HIV test results.</i>
North Carolina	10A N.C. Admin. Code 41A.0101	No. Healthcare providers are only required to report positive HIV test results.	N/A
North Dakota	N.D. Admin. Code 33-06-01-01; N.D. Admin. Code 33-06-02-01	No. Healthcare providers are only required to report positive HIV test results.	In addition to reporting all positive HIV tests, healthcare providers must also report all CD4 lymphocyte counts and all HIV nucleic acid test results (including undetectable).
Ohio	Ohio Admin. Code 3701-3-02, 03, 04, 12	No. Healthcare providers are only required to report positive HIV test results.	N/A
Oklahoma	Okla. Admin. Code 310:515-1-4	No. Healthcare providers are only required to report positive HIV test results.	N/A
Oregon	ORS § 433.004 OAR 333-018-0015	No. Healthcare providers are only required to report positive HIV test results.	N/A
Pennsylvania	28 Pa. Code §§ 27.21a, 27.22, 27.32a Philadelphia-Specific Codes: - HIV Reporting Requirements	No. Healthcare providers are only required to report positive HIV test results. Philadelphia: No. Healthcare providers are only required to report positive HIV test results. However, healthcare providers must also submit negative or indeterminate HIV test results (including both serologic and virologic test results) if part of a diagnostic testing algorithm whose overall interpretation	In addition to reporting all positive HIV test results, healthcare providers must also report all CD4 T-lymphocyte counts and percentages, all HIV viral load test results (whether detectable or undetectable), and all HIV genotyping results. Philadelphia: In addition to positive test results, laboratories and healthcare providers must submit all virologic and CD4 T-lymphocyte test results.
