

Realizing the Denver Principles in HIV Service Delivery

2025 NASTAD Annual Meeting | May 20, 2025

Introductions

Sean Strub

Senior Advisor
SERO Project

Martha Cameron

Community Director
Positive People, ICWNA

Laurel Sprague, Ph.D.

Research Director
Williams Institute, UCLA

The Denver Principles & PLHIV empowerment

- The 1983 Denver Principles
- Meaningful Engagement of PLHIV (MEPA)
- Greater Involvement of PLHIV (GIPA)

Addressing Stigma Through Empowerment

- Fundamental Rights and Dignity
- Access to Quality Healthcare & Social Services
- Informed Decision-Making & Autonomy
- Privacy, Confidentiality & Human Respect
- Involvement in Decision-Making

Denver Principles Rating (DPR) -- What is it?

Co-create a transparent rating(s) to increase accountability and effectiveness of HIV services while strengthening movements for health and human rights.

Focus Areas:

1. Governance
2. Program and policy development
3. Civic engagement
4. Advocacy
5. Treatment information

The DPR aligns with NASTAD's mission of **advancing the health and dignity** of those affected by HIV/AIDS, viral hepatitis, and intersecting epidemics by strengthening governmental public health and fostering community partnerships.

Denver Principles Rating (DPR) -- Continued

Participatory approach (at every stage!)

- Envisioned measurements / indicators
- Development & implementation
- Challenges & opportunities

Facilitated Discussion

- **Meaningful stigma indicators and evaluation**
- **Would your organization hesitate to implement this?** How might those concerns be addressed?
- **How can DPEI fit into quality improvement processes?**
- How can PLHIV leaders improve implementation, reduce barriers?
- Other Challenges / Opportunities

Q & A
